Rock Climbing and Abseiling in the Peak District

Climbing and Abseiling sessions can take place year round on demand. Our professional and experienced staff are passionate about the outdoor environment and take great pride and pleasure in sharing their enthusiasm with you.

Rock Climbing

If you've always wanted to give rock climbing a go, or are looking for an exciting way to fill your weekend, then this taster session is a great way to pick up the basics. Accompanied by an experienced, qualified instructor, you will head to a peak district crag where we will provide you with all the equipment you need and full safety instruction. Then it's up to you to climb as high as you like, and take your turn learning to belay (that is, keeping your partner safe whilst they climb). By the end of the session, you will know why we love to climb, have learnt a little, and (hopefully) whet your appetite to climb more.

Abseiling

Abseiling can get you out of some tricky situations and be a lot of fun, but it can also feel scary, and you'll need to overcome your fears if you're going to lower yourself off the edge of a cliff and safely down to the bottom. This session is ideal for those who enjoy the mountains and want to try something new, or those looking to overcome their fear of heights and test their mental strength.

Group Formation

The maximum group size is 6 participants per instructor. Under-18s should be accompanied by a parent, although the parent need not necessarily take part themselves.

Venue

Venues are chosen to be mutually convenient, so if you have a specific request, please let us know, and if you book several different sessions, we'll visit several different venues!

Sessions that run to the south of Manchester typically take place at a peak district crag, no more than 45 minutes drive from south Manchester. A typical venue is Windgather Rocks.

The nearest postcode for Sat Navs is SK23 7RF. This postcode will guide you to Dunge Valley Gardens, which the crag overlooks. If you end up at the gardens, you should head back away from the gardens to the crossroads where there are brown tourist signs to "Goyt Valley". Turn right at the crossroads when coming away from the gardens, and the crag is less than a minute's drive, clearly visible on the left hand side of the road.

Facilities

The peak district climbing and abseiling venues are typically in remote countryside, so there are no facilities there. Parking is usually free, but you'll need to bring everything with you that you'll need during the day.

Pre-requisites

None – all specialist equipment and instruction is provided. Taster sessions are suitable for everyone. You will get more from the day if you are relatively fit, and buckets of enthusiasm will help you overcome your fears, but we need YOU to provide that!

What do I need to bring?

You should bring warm sports clothing, and full waterproofs, including trousers. Clothes that can safely get wet and maybe muddy will be ideal – don't wear your best stuff! Trainers are fine to climb in. You can also [hire climbing shoes](#) if you'd like to maximise your climbing potential. If you need to order any new items, try [Gearzone](#) or [Millet Sports](#).

relocate to a local indoor wall, but an additional entry fee would be payable directly to the wall-owners. If we can't find a suitable activity that you'd like to switch to, we will rearrange for free to a different date, but we won't issue refunds.

Gratuities

If your course has exceeded your expectations, tips will be gratefully received.

Can I send my kids on their own?

Sorry, we only take unaccompanied kids on [Kids Summer Camps](#). On other activities, they must be accompanied by their own parent.

What's the minimum age for activities?

Kids need to be over 10.
